

48" Ride-On EV Roller — 1.8 to 2.0 Ton (HKEV1.8-2000)

Electric Transmission · Green / Yellow · Zero Emissions

A heavier ride-on electric roller for firmer consolidation across larger squares and outfields, with a 1250 mm (48") rolling width and an 1800–2000 kg operating weight. A brushless BL DC motor and 60V maintenance-free battery deliver clean, quiet, fume-free performance, with a fitted canopy, mechanical brake and simple electrical-switch operation. Available in green or yellow.

SPECIFICATIONS

Model	HKEV1.8-2000, self-start
Operating weight	1800 to 2000 kg
Electric motor	BL DC (brushless)
Battery type	60V 100Ah, maintenance free
Transmission	Electric + gearbox
Charging time	Up to 7 to 8 hours
Operating time	5 to 6 hours (depending on soil conditions)
Control panel display	Battery power, charge, on/off light
Brake	Mechanical
Speed	0~4 km/hr
Wheel diameter	600 mm
Rolling width	1250 mm (48")
Starting	Electrical switch
Head light	Yes
Canopy	Fitted
Steering	Worm & worm wheel

Specification as supplied by Ha-Ko Industries (2026).
